**TO THE UNIT-OWNERS OF  
DAG HAMMARSKJOLD TOWER CONDOMINIUM**

**RE: Safety Issue Reminder**

Ladies & Gentlemen,

We reported a few months ago a serious safety matter involving items being thrown from windows.

This serious issue has occurred again this week. This is the third incident in the last few months. It is believed that the items were thrown out of an apartment at DAG from the C or D line.

These actions pose safety concerns for those working for the building and for the public. Not only can someone be injured but death may occur. Please review these concerns with all in your household.

Do not throw anything out of the windows or from the balconies at any time. We appreciate your attention to these matters and your willingness to create a safe and healthy environment.

On another matter, please find attached a schedule of Community meetings with the 17th Precinct and other community representatives. These meetings are held in person and via Zoom.

Thank you for your cooperation and please contact the undersigned if you have any questions on the work or anything else related to DHTC.

Very truly yours,
