**To all Unit Owners and Residents
Dag Hammarskjold Tower Condominium**

Ladies & Gentlemen,

We are writing to provide a brief update on the mandatory Local Law 10/11 FISP project.

The contractors, SSG, are in the process of performing clean up and punch list work on those façade lines where work has been completed. ***As they open up the balcony doors we would like to remind everyone the balconies must not be accessed at anytime.*** This is a Department of Buildings and Site Safety requirement. The DOB inspectors are monitoring these projects closely and if they see anyone on the balconies the building will receive violations and associated fines which may delay the project's completion.

Thank you all for your anticipated cooperation.

Sincerely,

Kaswaree Narine Cleary
